Different workers can work different days, but they must be willing to work at least one full day. Adult supervisors must be included if children are working the event.

Our group can provide _____ volunteers per day to work the air show. The Quad City Air Show will determine the number of volunteers required for each task. Our decision is final and we will only comp tickets to the number that we request/need. All other tickets requested by your group will have to be purchased or no admittance to show grounds.

THIS APPLICATION is due ASAP, but no later than April 1, 2008 so we can assess our group needs and identify the tasks as soon as possible. You will be notified in May of 2008. Thanks again for your participation.
